

Kindergruppe Teddybär

What is the Kindergruppe Teddybär?

Our group is an initiative by parents who want to secure high quality care for their children and located in the 7th district of Vienna (Wimbergerasse 13). We are a children´s group for up to 14 children between the age of two to six years. The children are supported by a team of early childhood educators, daily work includes outdoors and group activities, sports, preparing food and assisting the kids with all their needs during daytime.

Our three kindergarten teachers closely work together with the parents, who play an important role in the organisation of the kindergarten. They cook meals, keep the garden, and help taking care of the children if need be. They are also involved in all decisions concerning the children, the site and the activities of the group.

The small group and a co-operative approach enables the children to develop their social, intellectual and motoric skills according to their needs and with all the time they needs. Our kindergarten teachers have been working for Teddybär for some years and are experienced in handling all possible activities, new group situations and occurring difficulties. We have been working with volunteers for some time and experiences have always been positive – for the children as well as for the volunteers.
